Re: Home Remodel

Dear Mr. Bright,

I want to thank you for doing such a nice job on the remodel of my master bathroom and all of the little things that needed repair or replacement in the other rooms.

The fencing and outside lighting is wonderful and makes feel so happy that these things, after all these years, are finally working as they should. I guess over the years you just get used to the way things are and not as they should or could be.

All of your subcontractors that came to my home were on time, courteous, and always cleaned up any mess that might have been made.

Thank you for working with the Department of Veterans Affairs and completing all of the paper work that was needed to start this job.

I will always tell my friends that Bright Built Homes is the best! They do what they say they are going to do and for the price that was agreed to. That's so refreshing these days.

Sincerely,

Kathleen Cursh
